ABOUT US

Red Palm Fashion is a fashion design and production studio offering creative solutions for brands that prioritize design, quality, and sustainability.

We provide custom design, product development, manufacturing, and logistics support for both womenswear and menswear collections.

Our company, **Red Palm Textile**, is based in Izmir, Turkey. We respond to the needs of global fashion brands with an innovative approach and serve as a reliable partner from concept to final product.

With a commitment to sustainable materials, a strong production network, and an experienced team, we ensure that every collection reflects the unique identity of the brand.

DESIGN SUPPORT

We turn your ideas into ready-to-produce collections.

Creative, functional and sustainable design solutions
for your brand.

Our services include:

- Trend & moodboard development
- Technical drawing & design detailing
- Fabric & trim selection
- Collection and color planning
- Sampling & prototyping

Let's build your next collection , together

PRODUCT DEVELOPMENT

Trend & Market Analysis

We analyze fashion and market trends to guide product development in the right direction.

Collection Development

We create tailored collection concepts specifically designed for your brand.

Sample & Pattern Making

From prototypes to fittings and pattern work, we develop production-ready samples.

Fabric & Material Selection

We offer sustainable fabric and accessory options that align with the spirit of your collection.

Technical Pack Preparation

We prepare detailed technical drawings and measurement charts to support the production process.

SAMPLING & PROTOTYPING

We transform design ideas into tangible samples. Our team creates high-quality prototypes ready for production.

Fit checks and pattern revisions are carried out to meet your expectations.

We help bring your designs to life before bulk production.

From first sample to final approval, we ensure every detail meets your expectations.

MANUFACTURING

With a strong production network and experienced team, we turn creative ideas into high-quality garments. Our flexible production capacity allows us to meet the specific needs of each brand, while our commitment to quality and sustainability ensures reliable and responsible manufacturing at every stage.

PRIVATE LABEL PRODUCTION

We offer end-to-end **private label production** services for fashion brands looking to create their own line. From design development to packaging, we manage every step with precision and discretion—ensuring high-quality, on-brand collections ready for market.

SUSTAINABLE SOLUTIONS

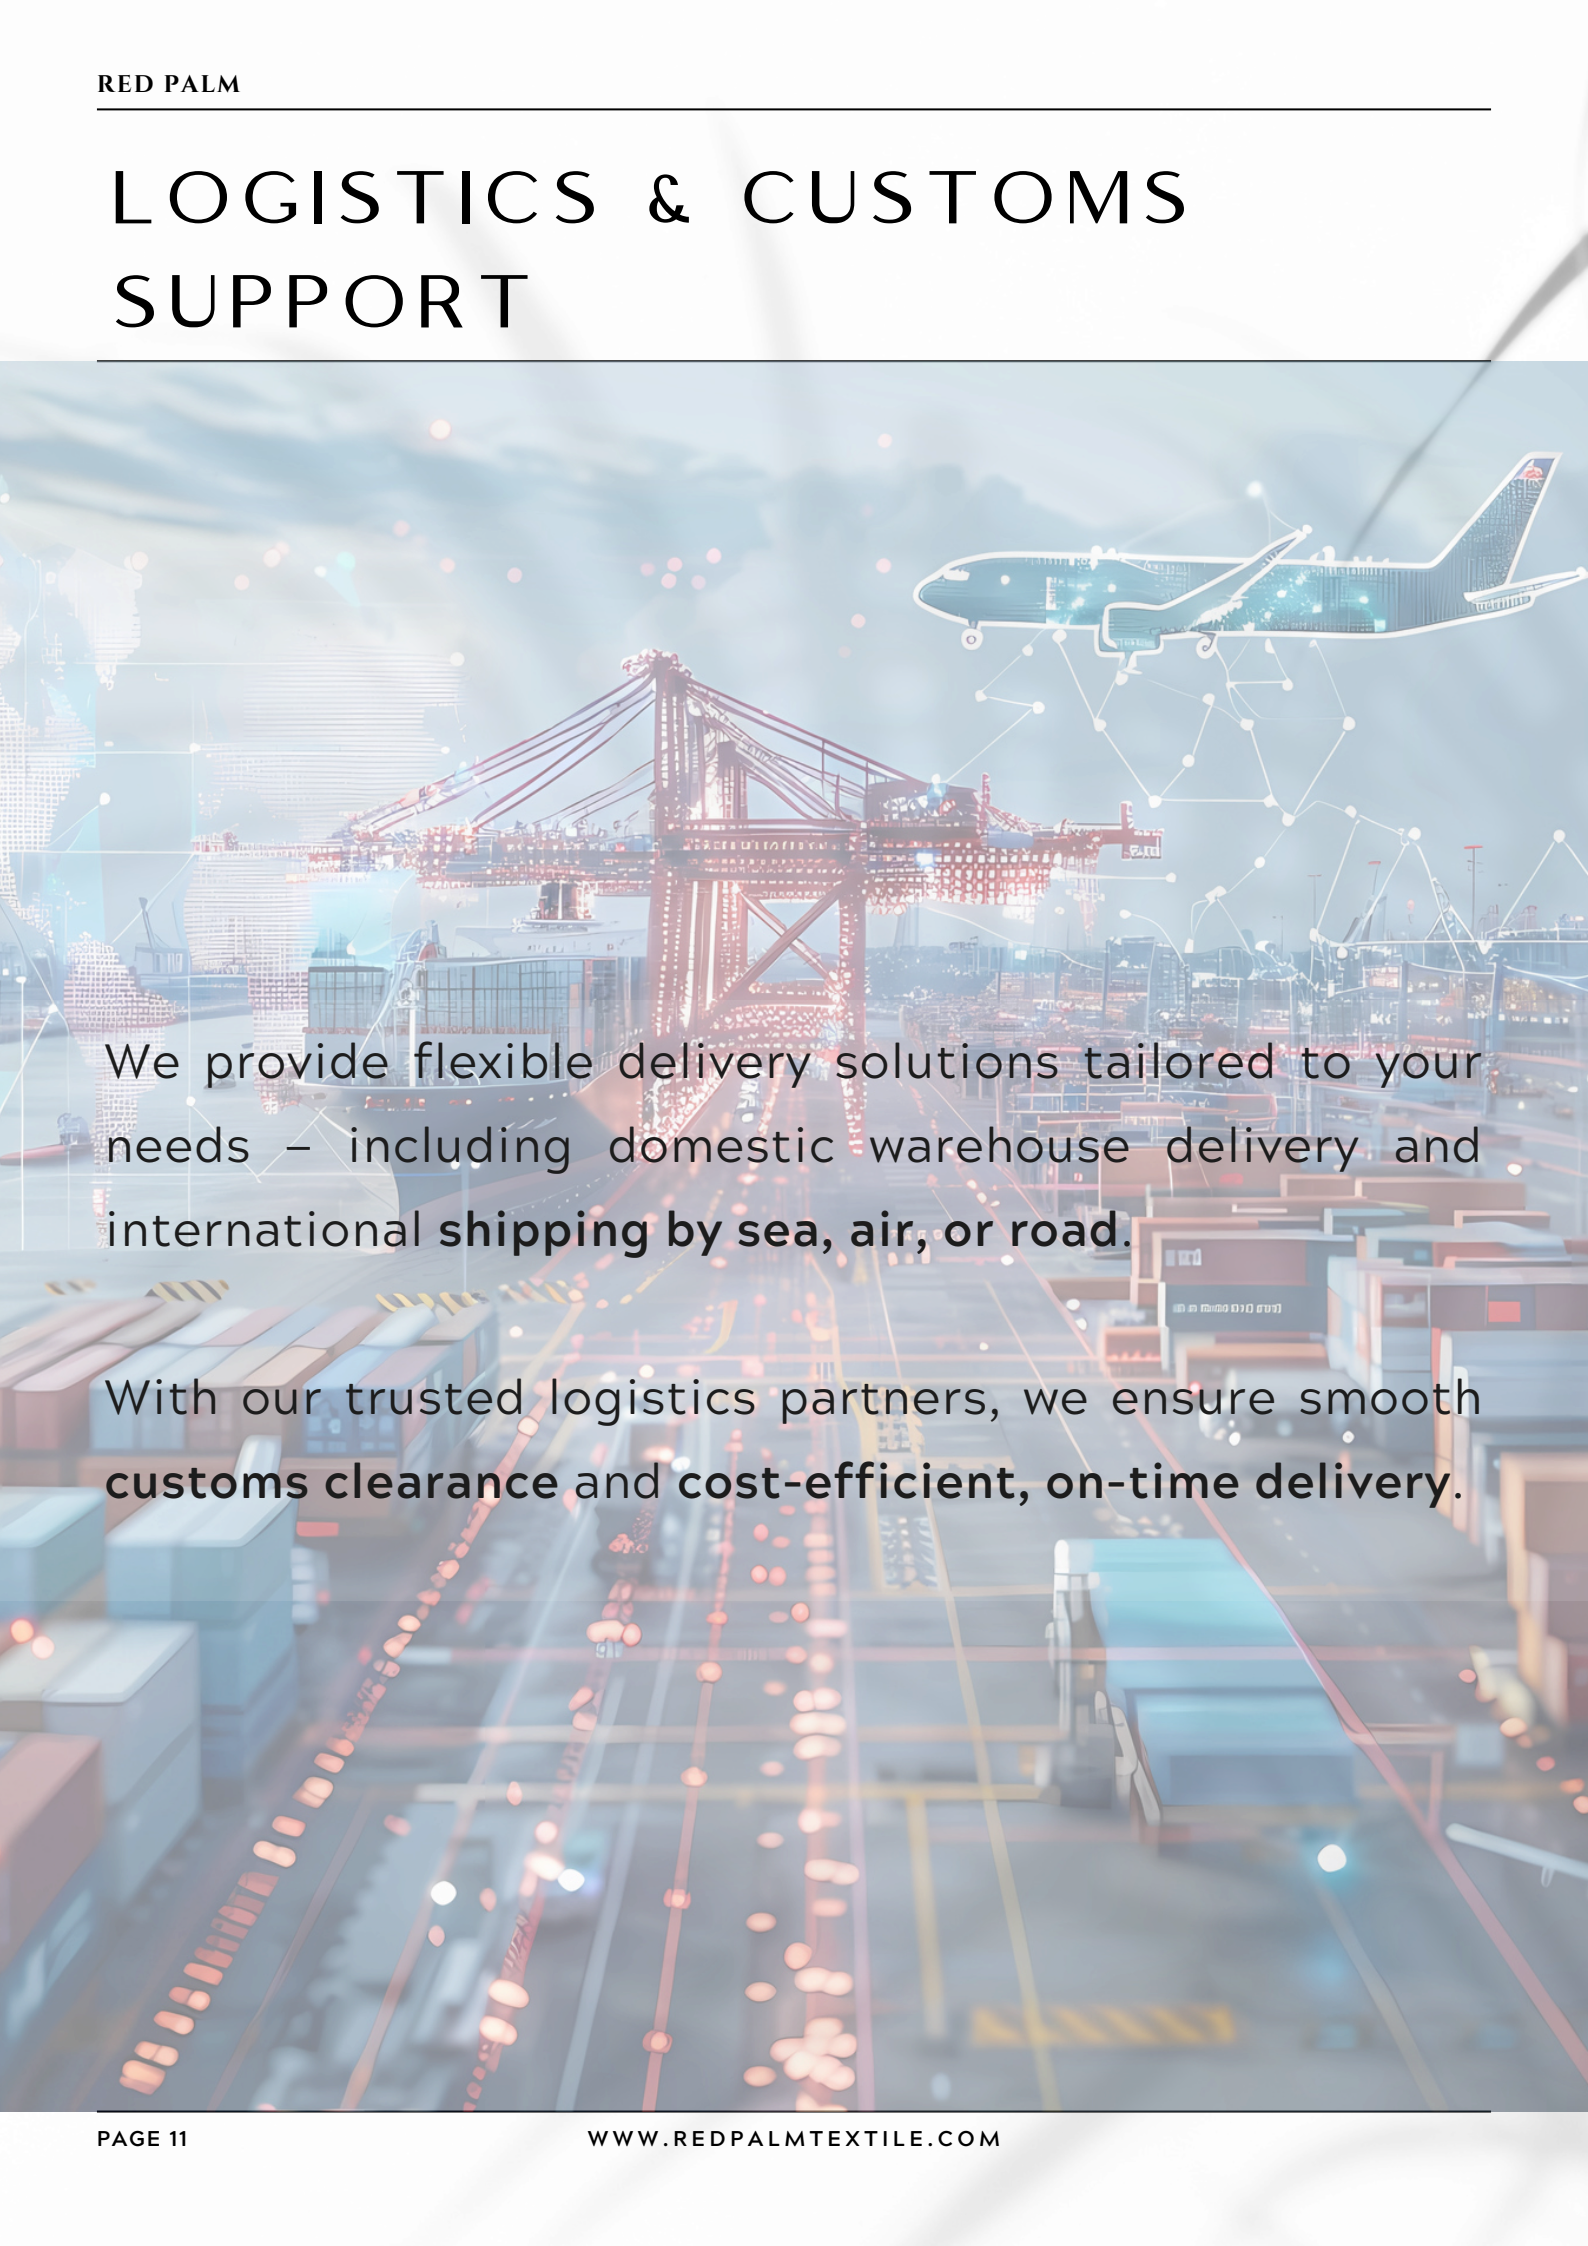

At Red Palm Fashion, sustainability is at the heart of what we do.

We focus on eco-friendly materials, responsible production practices, and long-lasting design solutions that reduce waste and support a better future for fashion.

THINK GREEN

LOGISTICS & CUSTOMS SUPPORT

We provide flexible delivery solutions tailored to your needs – including domestic warehouse delivery and international **shipping by sea, air, or road.**

With our trusted logistics partners, we ensure smooth **customs clearance** and **cost-efficient, on-time delivery.**

KIDSWEAR

At Red Palm Fashion, we design and produce kidswear collections with **the highest standards of safety**, comfort, and style. Our priority is to create garments that not only look good but are also gentle on **children's sensitive skin**.

All our fabrics and accessories are tested for child safety compliance, and we ensure that every product is free from harmful substances. **Metal detection** is one of our core production principles, ensuring that no unwanted materials are present in the final garments.

From newborn essentials to playful outfits for kids, our collections combine **softness, durability, and certified safety** – because we know nothing is more important than your little ones' wellbeing.

SUSTAINABILITY APPROACH

For a better world,

we are committed to creating fashion that respects both people and the planet – from material sourcing to final packaging.

Our sustainability approach focuses on:

- ✓ Selecting eco-friendly and certified fabrics
- ✓ Collaborating with responsible suppliers
- ✓ Reducing waste at every stage of production
- ✓ Supporting fair and ethical working conditions
- ✓ Continuously improving our processes for a greener future
